#### **Coal mines under MCL running in losses**

\*156. SHRI ANANTA SETHI: Will the Minister of COAL be pleased to state:

- (a) whether it is a fact that a number of coal mines under Mahanadi Coalfields Ltd. (MCL) are running in losses;
- (b) if so, since when and the reasons therefor; and
- (c) the details of losses incurred by each coal mine in MCL during each of the last three years?

[1st August 2001]

**RAJYA SABHA**

**THE MINISTER OF STATE OF THE MINISTRY OF COAL (SHRI SYED SHAHNAWAZ HUSSAIN):** (a) There are nine underground mines and one opencast mine running at loss under Mahanadi Coalfields Ltd. (MCL);

(b) All the nine underground mines had been incurring losses even before the inception of MCL i.e. prior to 1992-93, due to very old and extensive workings, labour intensive operations and low productivity. The sale value of coal from these mines is low because of inferior grades of coal. One opencast mine is also running at a loss due to adverse stripping ratio, over aged equipment and long lead of overburden dumping due to fag end of the quarry.

(c) The losses sustained by these mines during the last three years are as follows:—

Name of the Mine	1998-99	1999-2000	2000-2001 (prov.)	(Rs. in lakh)
